

Volunteers needed to assist refugee women

The Settlement Grants Program aims to assist women from refugee backgrounds to become self reliant and participate equitably in Australian society.

Through our volunteer home visiting program, volunteers will visit the women each week to help build skills, knowledge and confidence which will assist their settlement into Australia.

Female volunteers **who are prepared to commit for up to 6 months** are needed to provide home visits to these women. The program operates in the S E Suburbs – Dandenong Casey Cardinia.
